Child & Youth Military Family Life Counselor

The **Child & Youth Military Family Life Counselor (C/Y MFLC)** works as part of a mobile team to provide family services to military members and families who are geographically isolated from military installations. The Counselor is a licensed mental health professional and provides information, coaching, training, and education to military families and service members on issues concerning children and adolescents (ages 0-18). Direct, non-clinical services to children and adolescents ages 2-18 are also provided by the Child Behavioral Specialist. The Counselor provides on-site, mobile, and telephonic non-clinical problem solving counseling to families when other resources are not available and makes appropriate referrals and warm transfers to military and community resources according to the needs of families and service members. Minimum two years experience working with families and children required; Experience with groups of young children and adolescents in clinical or school setting ; Experience providing activities based psycho-educational programs to children and adolescents; Experience preparing and presenting educational and informational presentations.

All Behavioral Health Positions require: Master's Degree in a behavioral health field and licensure at the highest independent level for the state where the position is located as a clinical social worker, marriage family therapist, clinical professional counselor or psychologist.

Health Net, Inc. is among the nation's largest publicly traded managed health care companies. Its mission is to help people be healthy, secure and comfortable. The company's health plans and government contracts subsidiaries provide health benefits to approximately 6.7 million individuals across the country through group, individual, Medicare, Medicaid and TRICARE and Veterans Affairs programs. Health Net's behavioral health subsidiary, MHN, provides mental health benefits to approximately 6.6 million individuals in all 50 states. The company's subsidiaries also offer managed health care products related to prescription drugs, and offer managed health care product coordination for multi-region employers and administrative services for medical groups and self-funded benefits programs.
